## Professional Summary

Creative and detail-oriented front-end developer with expertise in converting Figma designs into responsive web apps using Next.js and Tailwind CSS. Experienced in hackathon-based development, API integration, and component-based architecture. Passionate about building user-centric, production-ready UIs.

## Skills

- Next.js
- Tailwind CSS
- React.js
- HTML5/CSS3
- TypeScript
- Git & GitHub
- API Integration
- Figma to Code Conversion

## Project Experience

### Marketplace Builder Hackathon Series

Tech Stack: Next.js, Tailwind CSS, TypeScript, MockAPI

- Converted Figma-based UI into a fully responsive, component-driven web app.
- Handled real-world deployment challenges including API integration and UI state management.
- Collaborated on multiple phases: component building, data migrations, and deployment optimization.

### Figma to Next.js Projects

Tech Stack: Next.js, Tailwind CSS, TypeScript

- Transformed Figma designs into clean, responsive Next.js apps with optimized CSS utility classes.
- Built scalable layouts and reusable components from design systems.

### Resume & Personal Websites

- Portfolio:** Responsive portfolio site using Next.js + Tailwind CSS.
- My-Resume-Portfolio:** HTML, CSS & TypeScript-based interactive resume.

### Mini Projects

- Countdown Timer App:** Event-based countdown in vanilla JS.
- Birthday Pop Balloons:** Fun CSS animation project.

## Education & Certifications

- Certified Front-End Developer – GIAIC (2024 – Present)
- Certified Cloud Applied Generative AI Course – Governor Initiative Program
